**What on Earth**  
Is the reason people will not, cannot, or do not see any difference in cheap nos trumps put up by Cheap John houses or irresponsible parties at enormous profits, rather than take a medicine of world wide reputation and one that is giving universal satisfaction at equal prices? No medicine in the world is giving such unparalleled satisfaction for purifying the blood as BEGG'S BLOOD PURIFIER & BLOOD MAKER, and every bottle that does not do its work, will cost you nothing. W. H. Chedie, Druggist

**How Can Parents**  
allow their children to cough and strain and cough and calmly say: "Oh! it's only a little cold," and keep giving them cheap and dangerous medicines, until they are down with lung fever or consumption, when they can be so easily relieved by BEGG'S CHERRY COUGH SYRUP? It has no superior and few equals. W. H. Chedie, Druggist.

**For Rent.**  
Two furnished rooms, Cor. Musser and Plaza streets, immediately opposite the Capitol. Apply on premises. Rent cheap.

**Cough! and Cough! and Cough!**  
What in the world is the reason you will cough and keep coughing and still keep trying inferior medicines when BEGG'S CHERRY COUGH SYRUP will positively relieve your cough at once? This is no advertising scheme, but an actual fact, and we guarantee it. W. H. Chedie, Druggist.

**ADVICE TO MOTHERS.** — Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays the pain, cures wind colic, and is the best remedy for diarrhoea. Twenty five cents a bottle.

Language is hardly strong enough to express my admiration of the merits of Chamberlain's Cough Remedy. It is the best remedy for croup and whooping cough I have ever used. During the past eighteen years I have tried nearly all the prominent cough medicines on the market but say, and with pleasure too, that Chamberlain's Cough Remedy is the best of all. THOMAS RHODES, Bakersfield, California. For sale by G. C. Thaxter.

The Boyd brothers have offered the finest meats obtainable to their customers and as they raise their own beef, veal, mutton and pork, they can not only select the most choice meats but can place it at a very low rate. ## A Fish Yarn.

A reporter stepped into Tim Dempsey's yesterday and found five or six gentlemen admiring his aquarium. While they were thus engaged Mr. Dempsey noticed them, and of course could not refrain from explaining some of the peculiarities of the different kinds of fish in the tank.

"You might not believe me gentlemen," said Mr. Dempsey, "but it is a fact that a catfish will suck or nurse a cow. Last Summer I was invited to go fishing with Messrs. J. F. Alexander, J. D. Torreyson and Jack Furlong. The day was very warm, and the cows around Washoe Lake had waded out into the water to keep cool. When we arrived at the Lake the cows took fright and ran to the shore, and two catfish each, hung to their teats, and if you doubt my word I refer you to the gentlemen who accompanied me." [Coo-coo clock over the bar; "Coo-coo."]

Mr. Dempsey without looking up, said: "And on that trip we caught 75 dozen trout, one sack of catfish and killed 48 water snakes."

John Mack in back room—Come off, Birdie.

"Of course," said Dempsey, "if a man tells the truth no one will believe him, but this a fact. Mr. Alexander took us to Winters' Pond on an invitation, and had to pay 75 cents per dozen for the fish, with exception of \$3 that Mr. Haskile kindly knocked off."

Mr. J.—I have often heard that when a trout swallows a minnow he always spits out the bones. Could any of you gentlemen tell me if it is so?

Mr. C.—Of course it is; when I was in Michigan I saw—

Got to get new runners and new bolts and nuts; a d— fool like you would ruin the best ranch in Nevada.

After the storm.  
Boy—Say dad, what will we do with these sled runners, now the storm is over?

Farmer—Pitch the d— things over the back fence, anywhere, we've got no further use for 'em anyhow.

## The Snow Fall at Tahoe.

EMERALD BAY, Jan. 30, 1890.

EDITOR APPEAL—It has been snowing since the second day of December, and is still coming down as if "nothing had happened." The folks have measured it every twelve hours as it fell and they counted 40 feet that have fallen. The Bay is frozen to the mouth and covered with about a foot of snow. We walk all over it on snow shoes. The only mail that we have had this month was brought from Yank's to the mouth of the Bay in a row boat and the rest of the way on snow shoes. The weather is not very cold; the thermometer has not reached zero yet.

## High School Debating Society.

The Carson High School Debating Society held its third regular meeting on Friday, February 7, 1890, with Albert E. Saxton in the chair, and Eva McCloskey acting as Secretary. The minutes of the previous meeting were read and approved. The following programme was then carried out to the satisfaction of all:

1. Song by the Chorus, "In the Sweet Long Ago."
2. Oration entitled, "Oratory" by Will Likens.
3. Declamation, "The Fisherman's Wife," by Corrine Prince.
4. Three minute speeches, on Successful men by Nevada Olcovich, Sam Platt, and Edith Atherton.
5. "The contrasting of the lives of Joan the arc, and Cleopatra," by Irma Minor.
6. Duet, entitled, "The River that in Silence Winds," by Grace Cowing and Minnie Mills.
7. Essay by Rose Bergman.
8. Declamation, entitled, "The Grape Vines," by Edith Howe.
9. Oral story, entitled, "Samoa" by Theo. Hofer.
10. News items of the Week, by Louis Olcovich.
11. Instrumental solo, entitled, "Angles Dream," by Sophia Jacobs.
12. Debate, "Are the Agricultural and Stock Raising interests of more advantage to Nevada than the Mining interests."
13. Dialogue, entitled, "Tricks in a Doctor Shop," by Masters Saxton, Ulrick and Bonrret.
14. Song by the Chorus, entitled "Jingle Bells."

Those appointed to take part in the debate were, Emma Lind, Eva Dangburg, Bertie Mills and Walter Ross on the affirmative, Emma Brulin, Edna Stone, Lottie Barclay and Nellie Fowler on the negative. Some very good arguments were introduced on both sides. A committee of three were appointed to decide the debate which they did by a vote of two to one in favor of the negative.

It so happened in the three minute speeches that the person selected by each was Abraham Lincoln, a man of whom too much cannot be said. The exercises were very well rendered. The meeting then closed with a few remarks by Committee on Criticism.

A BIG BOWLING.—A few days ago an immense bowlder, weighing 40 or 50 tons, became detached from the hillside near the Mexican mill, on the Carson river, and rolled into the ditch that supplies motive power for the wheel of the mill. A number of blasts were put in the monster and it was soon removed.

## Married

In this city, February 8, 1890, N. S. Moody to Miss S. M. Beckstead, both of this city.

The Mexican mill, on the Carson river, was forced to shut down on the 6th, after running only two days on Crown Point ore on account of the height of the water in the Carson river, which backed against the apron or discharge from the wheel. A few days of freezing weather will doubtless reduce the flood and establish the happy medium looked for. Other mills on the river suffered delays from the same cause.

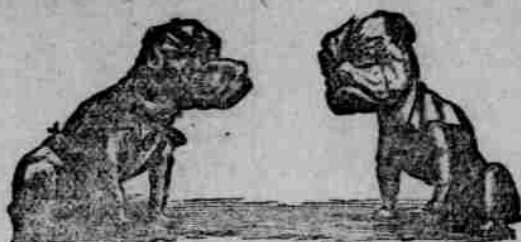

Mrs. Senator Stewart met with an accident in Washington Tuesday which might have been serious. She fell on Connecticut Avenue and struck her head against the wall of a house and cut herself quite seriously. She also sprained her hand and knee. She is resting somewhat easier.

She was born in 1852 at Colusa, Cal., and was the first white child born in that town. She was bred to the stage, but retired about five years ago, settling down with her husband in Montana.

Mr. W. H. Baldridge, druggist Escondido, California, says: Chamberlain's Cough Remedy is the best selling medicine I handle. In fact I sell more of it than all other cough medicines combined. Everyone who has used it speaks in glowing terms of its efficiency" For sale by G. C. Thaxter.
